Rithum Switch is the evolution of smart home control. This award-winning interface combines audio, lighting, climate control and more into one simple touchscreen. Set-up is done directly on-screen and takes minutes to complete. Works with SONOS, Philips Hue, Rithum Stat, and HTTPviaSD out of the box. Rithum Switch Pro also works with Audio Intercoms out of the box. Optional software plugins are available for many of today's leading manufacturers,
